ABOUT ME

I am Bryan Ortiz Franco, a Web designer/Developer.

I am 22 years old and live in Haarlem. Since 2021, I have been studying Communication, Multimedia and Design. Before this, I earned my degree in a course in Web development and graphic design. This allowed me to teach my fellow students about Adobe tools within my capabilities.

I'm also a sporty person, I go almost every day, and in my free time I like to take online courses to broaden my knowledge.
